Global View - Understanding The Stock Market (C0208)

对话 / Dialogue

A Sorry to bother you sir, but I have some bad news.
先生，很抱歉打扰您，不过我有些坏消息。

B What is it?
什么事？

A Well, the stock market just took a huge plunge and we' ve lost a lot of money!
是这样，股市刚刚暴跌，我们损失了一大笔钱！

B What do you mean? What happened?
你什么意思？发生什么事了？

A There are many factors that weigh in, but NASDAQ is down 200 points, the DOW JONES indicator also suffered! Our portfolio is worth half of what it was worth points week ago.
有很多因素在起作用，但纳斯达克跌了200点，道琼斯指数也受挫了！我们的投资组合现在只值一周前的一半。

B How is this possible? You are supposed to be talking to our stockbrokers and making sure that our securities and investments are safe and making a profitable return!
这怎么可能？你不是应该跟我们的股票经纪人保持联系，确保我们的证券和投资都安全，并带来可观的回报吗？

A I know sir! We didn' t expect a bull market to become a bear market all of a sudden. On the other hand, you still have some high yield trash bonds and government bonds that will give us enough liquidity to cut our loses and reinvest in emerging markets. We could potentially make this tragedy work for us and make us think outside the box.
我知道，先生！我们没料到牛市会突然变成熊市。不过话说回来，您手上还有一些高收益的垃圾债券和政府债券，能给我们提供足够的流动资金来止损，并重新投资于新兴市场。我们或许能化这场灾难为契机，让我们跳出固有思维。

B Do what you have to do! One other thing, don' t tell the rest of the stockholders about this. If they find out, it' s the end of this company!
该怎么做就怎么做！还有一件事，别把这事告诉其他股东。要是被他们知道了，这家公司就完了！
